

SAFALTA SARATHI: 30-DAY CAREER RESET

Tool: The Career Clarity Matrix | **Objective:** Select ONE path for the next 1–2 years.

STOP & READ: HOW TO USE THIS SHEET

- **Be Honest:** Do not tick a box because it “sounds cool.” Tick it if it is actually TRUE for you.
- **The 3-Tick Rule:** If you tick **3 or more boxes** in a section, that track is a strong match.
- **Accept the Reality:** Every job has a difficult part. Read the “Reality Check” carefully.

TRACK 1: TECH & DIGITAL

(Software, IT, Data, AI, Coding)

Best for: B.Tech (CS/IT), BCA, MCA, or Tech enthusiasts

✓ PERSONALITY CHECK (Tick if “Yes”)

- ☐ I love solving logical puzzles and finding errors.
- ☐ I am comfortable sitting in front of a laptop screen for 8–10 hours a day.
- ☐ When I don’t know an answer, my first instinct is to Google it immediately.
- ☐ I prefer working with machines, code, and data rather than managing people.

THE REALITY: The learning never stops. You will spend hours debugging code. If you stop studying new tools for 6 months, you become outdated.

\$ Starting Salary: ₹3L – ₹6L

TRACK 2: SALES & BUSINESS

(BDE, Corporate Sales, Retail, Real Estate)

Best for: MBA, BBA, Any Grad with high energy

✓ PERSONALITY CHECK (Tick if “Yes”)

- ☐ I have high energy and find it easy to talk to strangers.
- ☐ I am money-motivated and get excited by “Incentives” and “Bonuses.”
- ☐ I have thick skin—I don’t get sad or offended if someone says “No” to me.
- ☐ I hate the idea of sitting quietly at a desk all day; I want action.

THE REALITY: You will face rejection 10 times a day. You will have monthly targets. It is high pressure, but it is the fastest way to earn big money without a tech degree.

\$ Starting Salary: ₹2.5L – ₹5L (+ Incentives)

TRACK 3: MARKETING & CONTENT

(Digital Marketing, Social Media, Design, Writing)

Best for: Creative minds, Mass Comm, English Grads

✓ **PERSONALITY CHECK (Tick if "Yes")**

- ☐ I spend a lot of time on social media observing trends, ads, and viral content.
- ☐ I have a good eye for design, colors, visuals, or storytelling.
- ☐ I enjoy experimenting with tools like Canva, AI (ChatGPT), or Video Editors.
- ☐ I get bored easily by repetitive data entry or strict rules.

THE REALITY: It is not just "posting reels." It involves data analysis, constant deadlines, and high creativity on demand. Your portfolio matters more than your degree.

\$ Starting Salary: ₹2.5L – ₹4.5L

TRACK 5: HEALTHCARE & PHARMA

(Pharma Sales, Medical Coding, Hospital Admin)

Best for: B.Pharma, B.Sc (Bio/Chem/Micro), Biotech

✓ **PERSONALITY CHECK (Tick if "Yes")**

- ☐ I have a science background and understand basic medical terminology.
- ☐ I want a meaningful career that contributes to patient health.
- ☐ I have a sharp memory for difficult names (medicines/procedures).
- ☐ I am disciplined about following hygiene, safety, and compliance rules.

THE REALITY: Sales (MR): Involves extensive travel and doctor visits. Ops/Coding: Requires long hours of focus and strict adherence to medical laws.

\$ Starting Salary: ₹2.5L – ₹5L

TRACK 4: FINANCE & BANKING

(Accounts, Audit, Banking Operations, KYC)

Best for: B.Com, M.Com, MBA (Finance), Economics

✓ **PERSONALITY CHECK (Tick if "Yes")**

- ☐ I am good with numbers, calculations, and spotting errors.
- ☐ I like following clear rules, regulations, and structured processes.
- ☐ I enjoy working with Excel sheets, balances, and reports.
- ☐ I am disciplined, organized, and very detail-oriented.

THE REALITY: Accuracy is 100% required. One small mistake can cause big financial issues. The work is stable but can be repetitive.

\$ Starting Salary: ₹3L – ₹5L

TRACK 6: OPERATIONS & LOGISTICS

(Supply Chain, Warehouse, Backend Ops)

Best for: Any Graduate who is organized

✓ **PERSONALITY CHECK (Tick if "Yes")**

- ☐ I hate chaos; I like organizing things and making sure processes run smoothly.
- ☐ I am good at planning, scheduling, and coordinating between people.
- ☐ I stay calm in stressful situations when things go wrong.
- ☐ I prefer "executing" tasks behind the scenes rather than selling upfront.

THE REALITY: It is a high-responsibility role. If a delivery is late or stock is missing, it is your problem to solve immediately.

\$ Starting Salary: ₹3L – ₹5L

TRACK 7: CUSTOMER SUPPORT

(BPO, Client Success, E-commerce Support)

Best for: Beginners wanting to start earning immediately

✓ **PERSONALITY CHECK (Tick if "Yes")**

- ☐ I am patient and polite, even when the other person is angry.
- ☐ I want to start earning quickly while I figure out my long-term plan.
- ☐ I have decent English speaking or typing skills.
- ☐ I can handle complaints without taking them personally.

THE REALITY: You must follow a script. The work is repetitive. However, it is the best place to build communication skills for 1-2 years.

\$ Starting Salary: ₹2L - ₹4L

TRACK 8: CORE ENGINEERING

(Civil, Mechanical, Electrical, Site Engineer)

Best for: B.Tech/Diploma in Core Branches

✓ **PERSONALITY CHECK (Tick if "Yes")**

- ☐ I like getting my hands dirty and working in the real physical world.
- ☐ I want to work in the specific technical field I studied for.
- ☐ I understand how physical systems, machines, or structures work.
- ☐ I am willing to work in non-metro locations, sites, or factory floors.

THE REALITY: Entry-level jobs often involve heat, dust, and hard labor. It is not an AC office job. Growth is slow initially but very stable later.

\$ Starting Salary: ₹3L - ₹5L

MY COMMITMENT

To achieve success, I must first choose a direction.

Based on the checklist above, I am choosing the following track for the next 2 years:

CHOSEN TRACK: _____

MY GOAL: To become a professional in this field by gaining skills and experience, not just degrees.

Student Name: _____

Date: _____
